D.O No.28012/21/2021-LRD

Dated:24.12.2021

Dear Madam/Sir/Colleague,

As you are aware that Computerization of land records (both textual and spatial) have been main components of the Digital India Land Records Modernization Programme (DILRMP), a Central Sector Scheme of the Government of India and most of the States/UT's have completed Computerization of Land Records and computerized / digitized records are available in public domain. Currently, the Records of Rights in each State and Union Territory is maintained in the local language. The linguistic barriers pose serious challenges for inter change/access of information in understandable form.

2. In order to resolve the above linguistic barriers in land governance management of the country, Department of Land Resources, with the support of Centre for Development of Advanced Computing (C-DAC), Pune, a GoI premier R&D organization under the Ministry of Electronics and Information Technology (MeitY) has undertaken initiative to transliterate the Records of Rights available in local language to any of the 22 languages recognized by the Constitution. The Pilot test is underway and it is targeted to launch the aforesaid initiative on Pan-India shortly. This initiative will enable the State Governments and the Government of India to take informed policy decisions for the benefit of the citizens and farmers in particular of this country and also enable the all citizens and stakeholders to get benefits of an open national economy conveniently.

3. In this process C-DAC requires certain information relating to land records data base / Land Records Application for its integration with the customised Transliteration as per format attached (Annexure I). Contact person/ email in this regard is Shashi Pal Singh, Joint Director, C DAC, Pune, Phone: 020-25503322, Fax : 020-25503314, email: shashis@cdac.in

4. I would therefore request you to kindly provide the requisite information sought by C-DAC at the earliest and also appoint a Nodal officer to co-ordinate with NIC and C-DAC to expedite the whole process.

Warm regards,

Yours sincerely,

(Sonmoni Borah)
